Deadly Encounter at Ten Paces—How

Brothers-in-Law Settled an Insult.

On Saturday afternoon, the 12th

inst., a duel was fought at the junction

of the Atlantic and Georgia and Savannah

and Charleston Railroads, three miles from

Savannah, between Walter S. Harley,

a lawyer, and Robert Fishburne, a clerk

of the county clerk of Waterboro, Colleton

Co., S. C. The parties arrived in Savan-

nah on different trains on Friday, and

proceeded to the grounds in carriages in

the morning. Harley's friend was C. H.

Farmer, a young lawyer, Fishburne was

accompanied by W. M. Rivers and his

brother, F. C. Fishburne, a trial justice of

Waterboro. Only one surgeon, Dr. Dun-

bar, accompanied the party. He is a

friend of Fishburne. They fought at ten

paces, with Colts revolvers. Harley ex-

pressed his intention in a note to his wife,

to fire in the air, and did so. Fishburne's

pistol being discharged at the same time,

Harley fell, mortally wounded. He was

brought by his second to the town and

taken to an infirmary. The ball entered

the right side, severed the bowels, and

lodged in the abdomen. Fishburne and

his party returned home. The parties are

brothers-in-law, having married sisters.

The difficulty originated about a difference

in local politics. Both parties are Demo-

crats. The offensive words used by Har-

ley were: "You and W. F. Fishburne are

mean and cheap copies of the Rhetta,

without their brains or courage." A re-

fusal to retract the insult resulted in Fish-

burne challenging Harley. The affair was

kept very quiet, and the only intimation

of the hostile meeting was made known

at Waterboro by a dispatch to Harley's

brother announcing his fatal wounding.

BRIEFLETS.

—Night of prayer.
—No false alarms last night.
—The weather isn't so mild but that the young fellows get muddled occasionally.
—A movement is on foot to secure the State fair here this year. It's only a fair thing.

—The tickets for Gilmore's concert are going off lively to-day, and there is every prospect for a big rush.

—Warning is given that a new counterfeit half-dollar coin is being put upon the market. Look out for the queer.

—The work on the foundations of the new building to be erected by Capt. Macdonald commenced to-day. Tally one for mild weather.

—Court Street Methodists and the All Souls club socialize to-morrow evening, the former at W. F. Carle's, the latter at the church parlors.

—John McCue charged with assaulting Charles Terwilliger has been held for trial before the Circuit Court in the sum of \$300. He gave bail accordingly.

—To-morrow evening will be produced at All Souls church, for the first time in this city, the laughable farce entitled "A Regular Fix," to conclude with a dance.

—The pupils of Miss Helen Porter will give at her room in Lippin's block, Saturday evening, a piano recital. Tickets can be procured at Warren Collier's Music store without charge.

—The report that the Opera house was being made more commodious and fire-safe by the putting in of another exit seems to be without foundation. There are many who wish it was true.

—The temperance folks are gathering in a good many railroad employes. Some of the railroad companies are furthering the cause by insisting on employing only those who forsake gun and cling to water.

—Janessville hotel-runners and "busmen" are fast gaining a reputation for civility. It's quite a luxury for a traveler to be able to get from a depot to a hotel without losing either his hearing or his grip-sack.

—Mr. S. Spaulding who, fifteen years ago, was a popular jeweler and prominent citizen of this city, and who now makes his home at Cobden, Ill., made a flying call to-day, and was greeted most heartily by old friends.

—The Clinton Independent gives the Edwards house the following deservedly kind words: "The Edwards house, Janessville, is fast working itself to the head of the list of hotels in that city, for a good, comfortable, cheerful and attractive stopping place for the traveler. Mr. Edwards, assisted by his worthy clerk, W. F. Rhore, uses every possible means to make the place homelike, in which endeavor he is successful."

THE WEATHER.

The mercury at 7 o'clock this morning stood at 23 degrees above zero, and at 1 o'clock at 43 degrees above. Clear. One year ago to-day at corresponding hours the thermometer indicated 4 degrees and 16 degrees above. The reports from the signal office show that at midnight last the mercury at the various stations stood highest at Denver, it reaching 40 degrees above, while at Cleveland it stood at only 10 degrees above. This just reverses the usual order of things. No snow or rain reported.

A PLEASING ENTERTAINMENT.

The mere announcement that Mrs. Walter C. Lyman intended to give an entertainment in this city has caused frequent inquiries as to time and place, by many who desire to attend, that lady having already secured here a reputation which will insure her a full house. The Gazette is now able to answer all inquiries by announcing that the entertainment will take place at the Court Street Methodist church next Monday evening. The programme embraces reading and music. Mrs. Lyman has secured a most worthy assistant in Miss Lily Runals, a thoroughly accomplished singer and elocutionist. The reading and concert entertainments given by these ladies have met with wonderful success in other places, and they have been constantly called upon to repeat them. Mrs. J. D. King, will act as accompanist on the piano.

CHARGED WITH FORGERY.

Joseph W. Burgess and Alexander McLellan, of La Prairie, have laid before Justice Phelps a most serious complaint, charging two of their neighbors with forgery. From the statement made it appears that a farmer in the town of Harmony some time ago gave them a mortgage on his property for about three hundred dollars. Lately they have been unable to find him and have concluded that he has skipped. They claim to have also learned that his son and a neighbor have by underhanded means sought to secure a release of the mortgage, in fact that they forged an order for release, to which were appended the purported signatures of Burgess and McLellan, and presented it to the town clerk, and asked that he should cancel the mortgage. He refused to do so, and the two were arrested and brought before Justice Phelps for examination. A continuance was granted until Monday next, the accused being admitted to bail in the sum of \$300 each.

AROUND THE ROUND TABLE.

Nearly a hundred gathered last evening at the meeting of the Round Table. The subject of study being "Fancy in Literature." Prof. Fillmore gave several definitions of Fancy, especially those of Webster and Leigh Hunt, and seemed inclined to regard it as imagination at play. Imagination and Fancy differ not in nature but are only different functions of the same faculty the image producing power.

He presented numerous illustrations of the versatile power and caprices of Fancy from Midsummer Nights Dream, particularly its playfulness and comicality in Pyramus and Thisbe and the fairy scenes.

Miss Della Dearborn said there were some poems as "Fairy Queen" and "Culprit

Lay" which as a whole may be regarded as a fancy. She cited Moore's "Paradise of the Peri," Burns' "Tam O'Shanter," Lowell's "Winter Brook" and "Vision of Saunfal," and Shelley's "Cloud," as fine illustrations of the various forms of Fancy. As employed by Tennyson, Longfellow and Lowell, it is generally illustrative of truth, while as exhibited in other writers it is sportive and playful from mere wantonness. In literature it is a well-spring of recreation, and by its art in clothing truth in the guise of beauty becomes the handmaid of virtue.

Rev. J. W. Sanderson offered some other definition of Fancy, and regarded it as the Seed of the Imagination—kindred in nature and essential as preparatory to the higher work of Imagination. He presented illustrations from Pope's "Rape of the Lock"—an exhibition of fancy which has scarcely an equal in the literature of any country.

Quite an animated conversation followed in which a number participated, some holding that the two processes, the mind fancying and the mind imagining were one in nature; others that they were entirely distinct functions.

Prof. Van Cleave closed the study with a few well-chosen illustrations of the peculiarity of each, from "Aurora Leigh," "Lycides" and "Midsummer Night's Dream." There is not a more exquisite fancy in our literature than that of the fairy "hanging a pearl in every cowslip's ear."

The subject of the next study, February 6, will be, "Wit in Literature."

HARRISON'S CLAIM.

The Aldermen Held a Special Meeting to Settle It Up—They Proposed Heretofore to Follow the Letter of the Law—The Bill Settled.

At the last regular meeting of the Council an order was entered instructing the City Treasurer to transfer from what is commonly known as the License Fund, to the Judgment Fund, a sufficient amount to meet the claim of S. A. Harrison against the city for the Nicholson pavement contract. The Treasurer accordingly made the transfer, but the money was not paid over to Mr. Harrison, because the Council had neglected to authorize the clerk to draw an order for the amount. A special meeting was therefore called for that purpose last evening. His Honor was present and presided, and the roll called showed the following in their seats: Blount, Church, Davis, Hutchinson, Lawrence, McKinney, Judd and Fitzgibbon.

Ald. Lawrence moved that an order for \$749.26 be drawn for the purpose stated. A brief discussion ensued as to the legality of transferring money from one fund to another. It was explained that the so-called License Fund was not a regular fund in the sense commonly accepted, but a convenient heading for the account of moneys received from licenses. Precedents were also cited to show that it had never been considered a regular fund, and that its moneys had always been transferred to the general fund or some kindred account. Some of the aldermen nettled at the criticisms made on the Robinson award, became suddenly cautious and exceedingly anxious that the strict lines of legality should be closely drawn, and no step taken that would subject them to an ulterior accusation of doing anything contrary to the charter, however expedient or just it might be.

Attorney Jackson presented the claims of Mr. Harrison. His client was about to go South, and rather than litigate longer had consented to cry "quite" if he could be paid at once the amount which the city admitted in its answer, was due him, leaving the disputed balance to go to the "loss" side of his accounts.

City Attorney Carpenter assured the aldermen that the transfer of money, as proposed, was strictly legal, and in this opinion the Mayor concurred. In view of the fact that the claim was drawing seven per cent interest, and that Mr. Harrison might possibly secure a larger sum by further litigation, and being assured by the Mayor and City Attorney that the proceedings were legal, an order was accordingly passed authorizing the payment of the sum. Ald. Blount, Davies, Hutchinson, Judd, Lawrence and McKinney voted in the affirmative. Ald. Fitzgibbon declined voting, he being still in doubt about the matter. Ald. Church cast a solitary negative vote, on the ground that he deemed the transfer of money from one fund to another wholly illegal and contrary to the charter. Adjournment was then taken.

Ylang-Ylang.

The Ylang Ylang flower is produced by a large tree, and its odor scents the air for miles around. Dr. Price prepares his Ylang-Ylang from the otto of these flowers, and it is a charming perfume, having a fragrance unlike any other handkerchief extract.

Overtasking the Energies.

It is not advisable for any of us to overtask our energies, corporeal or mental, but in the eager pursuit of wealth or fame or knowledge, how many transgress this salutary rule. It must be a matter of great importance to all who do so to know how they can regain the vigor so recklessly expended. The remedy is neither costly nor difficult to obtain. Hostetter's Stomach Bitters is procurable in every city, town and settlement in America, and it compensates for a drain of bodily or mental energy more effectively than any invigorant ever prescribed or advertised. Laboring men, athletes, students, journalists, lawyers, clergymen, physicians, all bear testimony to the wonderful renovating powers. It increases the capabilities for undergoing fatigue, and counteracts the injurious effects upon the system of exposure, sedentary habits, unhealthy or wearing avocations, or insalubrious climate, and is a prime alternative, diuretic and blood purifier.

A Vast Army of Sufferers.

Jack Turner, of St. Paul, writes: "The whole continent is sending its vast army of sufferers up to this beautiful climate where its pure, soft, balmy air seems to invigorate and restore the emaciated form to a healthy, robust, vigorous manhood again. Thousands come here with throat and lung diseases, usually accompanied with an aggravated cough, and many entirely recover; but by making inquiries you will find that three quarters of those restored, commenced taking Hale's Cough Cordial, by the advice of some friend, as soon as they arrived here. This medicine is as staple as flour up here." Such letters as these are pouring in from all parts of the country.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature, rain, wind and sunshine often intermingling in a single day, it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c; regular size, 75c.

Beyond the Reach of Human Skill Is the power to restore the hair to bald heads when the bulbs at the roots are destroyed by age or disease; but there are doubtless many persons becoming bald, whose hair by careful attention might be restored to its original luxuriance and beauty. Parker's Hair Balsam is an elegant preparation, designed to meet the public want for a harmless hair dressing and restorative. It acts like magic, commencing at the very roots, removes Dandruff, and all humors from the scalp, and never fails to restore gray or faded hair to its original color, and the soft, rich and glossy appearance of youth. By its occasional use falling of the hair is immediately checked, and a luxuriant and beautiful growth of young hair is insured. The exquisite perfume and the purity of its composition are highly appreciated, and as it is not a dye and does not stain the skin or clothing, it is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist, A. J. Roberts, Janessville, Wis., and test its merits.
